# YOU'LL SEE WHY SCHWARTZ and Her Developer Friends ARE RUNNING A SMEAR CAMPAIGN AGAINST ARTHUR PALAMARA!

## Schwartz is all about helping her big buck developer contributors

Schwartz's campaign is being financed by a who's who of Hollywood developers and lobbyists. (Florida Department of State, 2005, 2006) Do you believe that these developers are helping Elaine Schwartz because she is going to fight against uncontrolled development? What do you think?

Elaine is a politically connected insider & close to Mara Guilanti. Thanks to her insider connections the city of Hollywood created a plum legal job for her to make money at taxpayer expense. The Miami Herald described it as "Good-ol boy politics." (1/8/1995)

Now Elaine and the Hollywood developer political machine are trying to smear Arthur Palamara by misrepresenting a story about Arthur Palamara obtaining a generator from FEMA.

## THE TRUTH: ARTHUR DONATED THE FEMA GENERATOR FUNDS!

"Dr Palamara donated the entire \$835 to Dolores Morris and Debbie Springston, the two women also written about in the article who were in dire circumstances and could not afford the generators." (Denise Deutch 1-13-06 Sun-Sentinel)
